

Amendments

In the Drawings

Please substitute the attached Replacement Drawing Sheet showing FIG. 2 for the as-filed version of FIG. 2.

In the Claims

1. *(original)* An automated method of monitoring recognition accuracy in a voice recognition system comprising:

retrieving voice recognition information produced by a voice recognition system in response to recognizing a user utterance, the voice recognition information comprising a recognized voice command associated with the user utterance and a reference to an audio file that includes the user utterance;

playing the audio file;

determining if the recognized voice command matches the user utterance included in the audio file;

transcribing the user utterance to create a transcribed utterance, if the recognized voice command does not match the user utterance; and

recording the transcribed utterance in association with the recognized voice command to monitor recognition accuracy of the voice recognition system.

2. *(original)* The method of Claim 1, wherein the voice recognition information further comprises information for a recognition grammar used to recognize the user utterance.

Remarks

Claims 8, 11, 17, 19, 21-26, 37-39, 42, 44, 49, 55 and 57 are sought to be amended. The requested amendments to the claims introduce no new matter and correct formal matters without changing the scope of the claims. Accordingly, the requested amendments are believed to require no additional search or examination, and their entry is respectfully requested.

Submitted herewith is a Replacement Drawing Sheet showing FIG. 2. The Replacement Drawing Sheet introduces no new matter and corrects formal matters. Accordingly, substitution of the Replacement Drawing Sheet Showing FIG. 2 for the as-filed version of FIG. 2 is respectfully requested.

The Examiner is invited to direct any questions regarding Applicant's request to the undersigned at the telephone number listed below.

Respectfully submitted,
